

Artex

Lightweight, flexible, tear proof, very durable

Due to the nature of fabric, where colour matching, fine text or line detail is of vital importance to the graphic, we would recommend that you invest in a printed sample of a full size crop of your artwork on the desired textile.

Fabric Usage

Wall coverings, events and trade show graphics and roller blinds

Maximum Fabric Print Width

500mm

Fire Rating

B1

Fabric Weight

320gsm

Washable Fabric

30° degrees wash

Print Process

UV Print

Fabric Print Finishes

Hot knife trimming
Laser trimming
Hemmed with eyelets
Flat horizontal pockets
Hook and loop applications
Tension mounting
